**PLACEMENT ON THE SALARY SCHEDULE FOR EMPLOYEES IS BASED UPON
EDUCATIONAL TRAINING AND PRIOR TEACHING EXPERIENCE IN
ACCORDANCE WITH THE FOLLOWING:**

FOR EMPLOYEES NEW TO THE DISTRICT:

TEACHING EXPERIENCE is granted on the basis of one step for each year of verified prior certificated teaching experience to a maximum of seven (7) years. Actual initial placement is not to exceed a total of eight (8) steps. A year of experience shall represent no less than seventy-five percent (75%) of the days of required service for one given year. EXPERIENCE SHALL BE WITHIN THE LAST TEN (10) YEARS. (e.g. Employee with three years experience is placed at step four, seven years at step eight)

(If a teaching credential could have been obtained prior to the date the credential was actually granted, the date the credential could have been obtained shall be used to determine teaching experience placement on the salary schedule. The burden of proof shall be on the employee to establish that the academic requirements were met to obtain a teaching credential.)

Maximum placement for provisional credentialed personnel is step 6.

Upon application, prior experience related closely to the local teaching assignment, when fully verified, shall be credited on the basis of one step for each two years within the past ten years. Experience credit cannot exceed three steps. The BA Degree or equivalent or a regular credential shall have been earned before the related work experience.

UNITS

Credit is granted toward salary advancement for units earned after receiving the Bachelor's Degree including post-graduate units received prior to Bachelor's Degree, as shown on an official transcript from a college or university only if they are:

1. Earned at accredited colleges or universities with at least a "C" grade or equivalent or earned at non-accredited colleges or universities with at least a "C" grade or equivalent and are accepted for credit on the official transcripts of accredited colleges or universities.
2. Clearly and substantially supportive of the employee's assignment or the employee's district approved goal.

With prior District approval, credit may be granted toward salary schedule advancement for lower division units and upper division or graduate units not covered under the above, earned with at least a "C" grade or equivalent after the date of receiving the Bachelor's Degree as shown on an official transcript from a college or university.

FILING OF UNITS – Academic work taken during the regular academic school year (September 1 to June 30) and the summer of that school year (July 1 to September 15) shall count toward reclassification for the ensuing year if the official transcript is received in the Personnel Office no later than November 1. Transcripts shall not be returned to the employee and become the property of the Modesto City Schools as a part of the employee's personnel file.

ANNUAL INCREMENT – Seventy-five percent (75%) of the annual required days of service shall be served to qualify for the annual increment.

Employees placed on Column 1 cannot advance beyond step 6 unless they have submitted official transcripts reflecting 12 approved upper division graduate units beyond the B.A. Degree.
